

# Covid 19 Screening

*Experts in Access Control*

## SERVICES

As an extension of Inter-Con's best-in-class Access Control solution set, our COVID Screening Service is tailored to align with our client's unique cultures while minimizing the degree of operational friction experienced at their critical facilities and offices.

### FRONTLINE SCREENERS

Specially trained Screeners administer client-specific health/wellness checks, forming the foundation of a reliable COVID-19 Risk Mitigation Program.

### LICENSED MEDICAL PROFESSIONALS

Licensed nurses oversee multi-stage screening efforts and administer comprehensive screenings on high-risk individuals.

### ADVANCED TECHNOLOGY

Our portfolio of best-in-class screening devices and assessment software enhance the accuracy and efficiency of COVID-19 screening processes.

## ■ ABOUT US

Together, we can provide appropriately trained and credentialed screening staff that ensures your employees and customers feel safe returning to your business.

# AltaMed

**IC** **INTER-CON**  
**SECURITY**

Inter-Con has partnered with AltaMed to offer clients access to highly trained, local health and security professionals to meet your unique screening and access control needs. To ensure safety of employees and customers, business leaders need the backing of a team that has opened nine outdoor evaluation centers and created new operations and processes for over 3,000 staff across 55 sites. The challenges that many business owners face in reopening have already been addressed by experienced operations teams. We can work with your management team to solidify opening plans, discuss gaps that may be present, and discuss with management what to expect as they reopen.
